Communication Arts Trophy
Enter the most prestigious design competition for interactive media, the Communication Arts Interactive Competition. Any interactive project created for digital distribution on disk, interactive kiosk, handheld device, online service or the World Wide Web is eligible. Selected by a nationally representative panel of distinguished programmers, interface designers and creative directors, the winning entries will be distributed worldwide in the Communication Arts Interactive Annual, in print and on the iPad, and on commarts.com, assuring important exposure to the creators of this outstanding work.

Each winning entrant will receive a personalized Award of Excellence, milled from solid aluminum, and award certificates issued for firms, individuals and clients.

CA's Award of Excellence is one of the most-coveted awards in the industry. If chosen, winning places you in the highest ranks of your profession. Ask any creative director which competitions rank as the most influential and they'll place Communication Arts at the top of the list.
